# THE KEYSTONE ADVANTAGE

Keystone Fabricating Inc., based in Bethlehem, Pennsylvania, has proudly served clients nationwide since 1982. Operating from a 28,000-square-foot facility, our team of 30+ skilled professionals specializes in precision metal fabrication, working with materials from .010" to 6" thick.

We support a wide range of industries—including electrical, pharmaceutical, food service, and tech—and continue to grow our capabilities to meet evolving needs. Known for our quality, reliability, and customer-focused approach, we invite you to visit our facility and explore how we can support your next project.

## OUR PLEDGE:

We are dedicated to delivering superior craftsmanship, competitive pricing, and on-time deliveries, ensuring excellence in every project we undertake.

## ESTIMATING

We look forward to providing a competitive quote for your fabrication needs. With over 40 years of industry experience, our estimating department ensures precise and reliable cost assessments to support your project's success.
